Growth marketer with experience in B2B SaaS across demand generation, lifecycle marketing, content, and sales enablement. Experienced in building and executing marketing initiatives that drive brand visibility, lead generation, and customer engagement.

Core Skills

Growth Marketing • Demand Generation • Lifecycle Marketing • Paid Advertising • Email Marketing • Sales Enablement • Content & SEO • Marketing Analytics • Cross-Functional Collaboration

Experience

Fynd BY RELIANCE | 2022 – Present

Growth Marketing & Demand Generation

- Planned and executed multi-channel campaigns across Google Ads, Meta Ads, LinkedIn Ads, email marketing, influencer marketing, events, SEO, and organic social media.
- Managed audience segmentation, campaign execution, and optimization across paid and organic channels.
- Represented the company at major industry events, including India Mobile Congress and AI-summit 2026, showcasing products, interacting with prospects and generating leads.
- Managed influencer campaigns from creator discovery and outreach to content review with coordination to ensure timely execution and alignment with campaign objectives.

Lifecycle Marketing & Automation

- Built and executed email campaigns, audience segments, nurture journeys, and automated workflows using HubSpot.
- Executed recurring HubSpot newsletter campaigns featuring product updates, customer stories, offers, and industry insights, maintaining ~25% average open rates while supporting lead nurturing, MQL generation, and customer engagement initiatives.
- Managed contact databases, audience segmentation, lead enrichment, and behavioral tracking to identify marketing-qualified leads and support sales follow-up initiatives.

Content, Organic Growth & SEO

- Grew GlamAR's LinkedIn page from 0 to 1,500+ followers organically, generating over 12,000 monthly impressions through content and community-led growth initiatives.
- Led content strategy and publishing for both company and leadership social media profiles.
- Built and managed GlamAR's YouTube presence from scratch, growing the channel to 1,300+ subscribers and 60,000+ views organically while independently developing an extensive library of educational and product-focused content.
- Increased brand visibility through participation in relevant industry conversations and community engagement via reddit and LinkedIn

- Contributed to SEO initiatives through content planning, case study development, and landing page optimization, including high-performing content assets that became among the most visited pages on the website and key sources of inbound lead generation.
- Worked on App Store Optimization (ASO) initiatives, including listing optimization and A/B testing experiments.

Sales Enablement & Marketing Assets

- Built and maintained a centralized Sales Enablement Hub in Notion to organize case studies, pitch decks, product collateral, and sales resources.
- Owned the end-to-end creation and publication of pitch decks, case studies, one-pagers, newsletters, landing page content, emailers, and customer-facing collateral.
- Partnered with business, product, and leadership teams to create assets supporting sales conversations, product launches, partnerships, and marketing initiatives.
